

MARCH 2010

A preview of new products

New products and updates to existing products we are working on:

NEW MA254

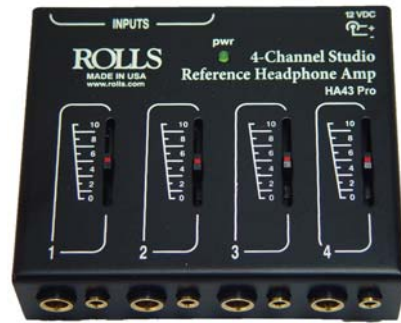

AVAILABLE APRIL 2010

The new MA254 is a compact class D stereo amplifier with a 4 CH. stereo mixer built in. It has 5 watts per channel @ 4 Ohms. The class D low heat design gives the MA254 the ability to be mounted in very tight applications. It will work great in ceilings by projectors, or anywhere small and heat free amplification is required. The MA254 is built in an all metal chassis and weighs 1 pound. Overall dimension are 6.75" X 3.5" X 1.5". Bottom mounts are provided for permanent installations. The MA254 has an included 12 VAC external power supply. The 4 channel mixer section consists of 4 separate RCA stereo inputs, along with a 3.5mm (1/8") stereo input perfect for an ipod or laptop computer type input.

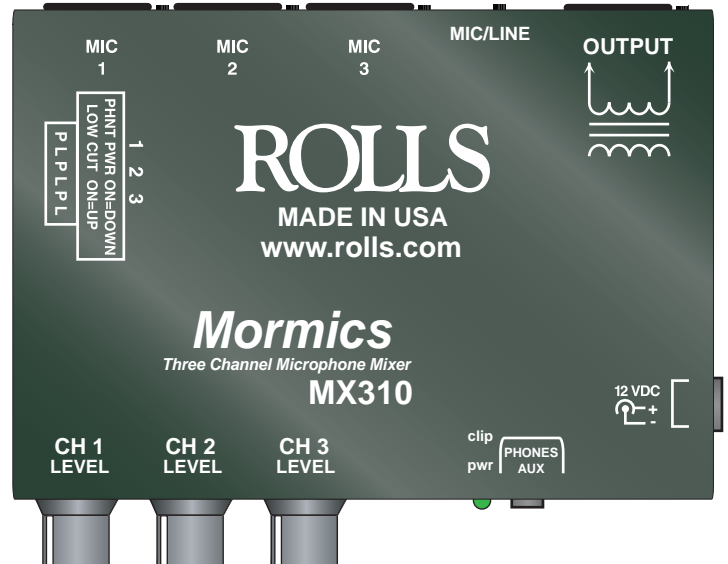

IMPROVED PRODUCTS SALES

The HA43 Pro sales were up 300% in March!! We are building larger production runs of the HA43 Pro, but with its increasing sales we are having a difficult time keeping them in stock. Please call and check availability for large orders over 400 pcs.

NEW MX310

AVAILABLE MAY 2010

The MX310 is a new 3 channel mono mic mixer. It will have individual switchable phantom power for each input. A headphone output for monitoring. Each channel will have an independent level control and switchable low cut filter. A mic/line output switch will give the output XLR jack flexibility for plugging into almost any application. All in a compact all metal chassis for years of durable use. MADE IN USA.
